Monthly Newsletter of the South Central Pennsylvania Genealogical Society, Inc.

Vol. 13 No. 9 April, 1988

LOOKING AHEAD

SUNDAY, APRIL 24, 1988 -- (NOTE THE DATE OF THIS MEETING) SCPGS member Alfreda Patton will speak on, "Put it in Writing -- My Experiences in Doing Printed Genealogies". Alfreda is a mathematics teacher at the York County Vo-Tech School and does professional genealogical research. She has published two genealogies on ancestral families. The one, David Kramm, His Ancestors and Descendants, includes significant information on the Kramm, Boehm, and Deshler families. Included in the Boehm family is Rev. John Philip Boehm, founder of the Reformed Church in America. Her second published work is Frankenfield Kin and Family Data, on a family which settled in upper Bucks and Northampton Counties of Pennsylvania.

The business portion of the meeting will begin at 2:15 p.m. and the program at about 2:30 p.m. The meeting site is the Asbury United Methodist Church at 340 E. Market Street, York, PA. (For more details on its location, the available parking, and the entrance to be used, see the February, 1988, issue of this newsletter.)

SUNDAY, JUNE 5, 1988 -- The program will be presented by the staff of the Lancaster County (PA) Historical Society.

HIVELY'S GENEALOGICAL NOTES

The third volume in the series A Cross-Compilation of the 1798 US Direct Tax for Pennsylvania and the 1800 Federal Census for Pennsylvania: Lancaster County is now published. This volume contains Elizabeth and Lancaster Townships. Of the 230 families identified, the more common surnames are Bausman, Buffenmyer, Coleman, Ehrisman, Groff, Kreider, Herr, Martin, Reigart, Shank, Stailey, Wineman, and Witmer. The 84 page, soft cover, book costs $15 and can be ordered from Jim Mallinson (Rt. #1, Box 446-B, Salisbury, NC 28144). Allow 4 to 6 weeks for delivery.

History of the Op Den Graeff's (First Book) is now ready for printing. This is the family that came in 1683 with Pastorius and helped found Germantown, near Philadelphia. Because so many records are available, more than one book on the family will have to be published. This first book contains only the ancestors and descendants of Isaac Updegraff, who was born about 1678 in Europe and was the son of the immigrant Abraham and his wife, Trintje Jansen Op den Graeff. There will be brief amounts of information on Isaac's brothers.

They and their descendants will be covered in detail in future volumes. Also in this first volume will be outlines of some Updegraf families which have not yet successfully been connected to the immigrants. This 7 by 9 inch book will contain over 550 pages and cost $28. Delivery will not be before July 1988 but orders should be made and paid for as soon as possible. Order from June L. Lutz (955 Leonard N.W., Grand Rapids, MI 49504).

The Presbyterian Historical Association is located at 425 Lombard Street, Philadelphia, PA 19147. Presently the library hours are Monday through Friday, 8:30 a.m. to 4:30 p.m., except for holidays on which it is closed. The telephone number is 215-627-1852. The society's staff and workload are such that the staff CANNOT do ANY genealogical research for others. A considerable wealth of materials relevant to family name studies may be found in its collections. There are over 20,000 volumes of official manuscript records from American Presbyterian and Reformed local congregations and higher judicatories across the country. There are over 200,000 published items, many of which contain genealogical material. Several collections of family papers are included in the archives.

Local church records in the above library are cataloged solely under local city name, followed by the proper name of the congregation. They are not arranged or cataloged by state or county, and published congregational lists issued by the various Presbyterian denominations are likewise not arranged by state or county, but by presbytery or synod. Therefore, it is not possible to find easily all the local church records held from a particular county or state. The multitude of family names included in manuscript and published records are not indexed in any single source. Most local church records are not indexed by volume. Over the centuries congregations may change their names, locations, and sometimes denominational affiliation. Considerable research may be require to trace their present status and the location of their records. Because of these circumstances, research in these Presbyterian records can be difficult and very time consuming, although with persistence, possibly very rewarding.

Researchers interested in records at The Presbyterian Historical Association in Philadelphia but who cannot go there personally, can hire researchers who are not on the staff. One such researcher listed in recent materials from the Association is Mr. Milton Botwinick (P. O. Box 13464, Philadelphia, PA 19101).

SCPGS member Eleanor N. Adams (10 Elm Avenue, Linwood, NJ 08221) has purchased a reprint copy of Biographical and Portrait Cyclopedia of the Nineteenth Congressional District Pennsylvania containing Biographical Sketches of Prominent and Representative Citizens of the District. The original was edited by Samuel T. Wiley and published in 1897. There are several pages of index for persons living at the time whose biographies were published. These are not listed here. But listed below are the names of those for whom necrological biographies were included. Mrs. Adams will search for names of interest to you and will include copies at 20 cents each if something appropriate is found. A SASE must be included.
