This is a newly translated edition with an introduction in English by Irvin B. Horst and published by the Lancaster County Mennonite Historical Society (2215 Millstream Rd., Lancaster, PA 17602-1499). The May 1988 issue of the newsletter of The Perry Historians (PO Box 73, Newport, PA 17074-0073) reports that first place in the National Genealogical Society's third annual family history writing contest was won by Dr. Helen Hinchliff. Her paper was titled, "Michael Mumper of Monaghan Township, York County, Pennsylvania and His Descendants to the Third Generation". George Michael Mannber/Mamber/Mumper was born in Ochsenbach, near Stuttgart, in Wurttemberg, in 1723. He emigrated in 1751 to Philadelphia as a redemptioner, and later moved to Monaghan Township, where he died in 1807. Dr. Hinchliff (Box 97, Fulford Harbour, BC, Canada, VOS 1CO) is interested in corresponding with all people who believe thay may descend from Michael Mumper.

The Fall 1988 Meeting of the Pennsylvania Chapter, Palatines to America, will be held Saturday, October 22, 1988, at Messiah College, Grantham, PA. For interested persons who are not members of the Pennsylvania Chapter, more information about the program and how to obtain a registration form will be printed in a future issue of this newsletter.

Wendle Trout arrived in Philadelphia on the Winter Galley in September 1738. With him were his children of his first marriage, their mother apparently dying on the trip to America or shortly after arrival. On 23 January 1739, in Lancaster County, Pennsylvania, Wendle Trout married Magdalena Walter and had several children by her. Both Wendle and his wife, Magdalena, died in Lancaster County in 1760. By his several sons and daughters, Wendle has a large number of descendants scattered throughout the country. His sons George and Nicholas at an early date were in Augusta County, Virginia, where Nicholas was killed in 1753; his son Michael is probably the Michael Trout who was in Frederick County, Maryland; his son Paul remained in Lancaster County, PA; and his son Wendle came to York County, PA, where many descendants are living today.

A correspondent of mine, George E. Trout of California, has reported his find of the German origins of the above Wendle Trout. The town is Kleinfischlingen (D-6731). According to my correspondent, the microfilm of the parish church records gives information on the children of Johan Wendel George Traut and his wife Maria Appolonia. Son Georg was born 1725, Nicholas, 1727, and Michael, 1730. Unlike some birth dates given for these sons by earlier researchers, the above dates seem to be correct when their ages at later events in their lives are based on these dates. Correspondent George Trout informed me the parish records give the immigrant Wendel's father as Hans Velten and his grandfather as Hans Leonhardt. This is a summary of the information sent to me.

Knowing the difficulty of reading old German church records, researchers of the Wendel Trout family should verify the above information by using the microfilm themselves or having specialists do so. (The film could be ordered at Family History Centers from the Family History Library at Salt Lake City.) Additional information about the Trout family is apparently in the parish records of Kleinfischlingen.
